A representative of the fire insurance companies, in which Mr. W. R. Cooper's house, recently burned, was insured, was in the city yesterday, and in company with Mr. E. As we learn from Marshal J. T. Alexander, an immense crowd of colored people is expected in Knoxville at the grand colored Old Fellows' union and picnic to take place, which is to take place Friday, 28th inst., and a great time is anticipated. They have chartered the opera house and will give an entertainment there at night.

A splendid opportunity is offered to our colored men about the city, who are in need of employment. Major Carpenter advertises elsewhere for 100 colored men to go to Oakdale to mine coal. This will give them good and steady employment, and pay good wages. There ought to be no trouble in making up this number directly, in this city.

If you want to eat your meals with pleasure, buy a Fowler's Fly Fan. They will keep the flies off the table and dispense with one servant. They will keep them off the baby, and are indispensable for a Sunday nap, and will keep bald-headed folks and nervous people out of the lunatic asylum. A new supply just received at W. W. Woodruff & Co.'s.

The picnic excursion to Cane Creek, on the line of the Knoxville and Ohio railroad, given by the employees of the rolling mill, at the Knoxville Iron company's works, will occur to-morrow, and those who wish to attend and enjoy a day in the woods, should be in readiness by 7 o'clock, the hour at which time the train will leave the rolling mill. All the amusements usual on such occasions have been arranged for, and it is looked forward to as the best picnic of the season.

The Burgner Perjury Case.

The time of the criminal court was again entirely taken up yesterday with the case of E. S. Burgner, charged with perjury while a witness for the defense in the case tried at a former term, in which W. F. Yardley, Esq., was accused of stealing a watch from C. T. Lour, but was adjudged not guilty by the jury. The perjury case was taken up yesterday, there being three speeches on either side. The notable speeches of the case were made by Mr. Thos. A. R. Nelson, who closed for the defense in an eloquent and able appeal, which did much credit to Mr. Nelson, as one of the foremost young members of the Knoxville bar, in argument and debate; and that of Attorney General D. D. Anderson. He closed for the state and, becoming thoroughly warmed up and enthused in his argument, made a powerful, eloquent and effective speech. It was pronounced by many to be the best effort of his successful legal career, and was certainly a creditable one. The case was given to the jury, under the charge of Judge Hall, and they were held together on it over night.

The girl came at once, after the commission of the deed, and submitted before Justice Allison for assault and battery, was fined and sent to the work house.

Died.

In this city, yesterday, May 19, 1880, at 1 p. m., after an illness of four weeks, Joseph, infant son of John M. and Sophia P. Brooks, aged 22 months.

"In His moral tillage God cultivates many flowers seemingly only for their exquisite beauty and fragrance. For when bathed in soft sunshine they have burst into blossom, then the Divine Hand gathers them from the earthly fields to be kept in crystal vases in blessed mansions above. Thus little children die—some in the sweet bud, some in fuller blossom; but never too early to make Heaven fairer and sweeter with their immortal bloom."

Funeral.

The funeral service of Capt. Brooks' child will be held at the family residence on Main street at 4 o'clock this afternoon.

He is now seated on his throne at Marshall & Co.'s, from which place his edicts will be sent forth. Musicians will hear and tremble. Coronation services will be continued for the next octave. Come and hear his majestic voice.

Strawberries and Grapes Short.

As may be ascertained by a simple glance at the supply in market, the strawberry crop in this section is out considerably short by the frosts of a few weeks ago, and also by the dry weather now prevailing, and the supply will not be near up to the usual standard. The grape crop is also reported to be equally as short, and will be almost a failure.

Moore and wife, from Marietta. Quite a number will go up soon.

Payson's English Opera Company.

The attraction extraordinary of the season, as well as the greatest musical event, will be introduced to the Knoxville public next week in the shape of a three nights engagement by the celebrated and world renowned Payson's English opera company, well and favorably known to Knoxville music lovers. A season of unparalleled attraction and entertainment is promised, which we are sure will be fully appreciated, and we expect to see crowded houses drawn at each performance.

The season will commence Monday night with that charming and everywhere popular opera, "Martha," to be followed up Tuesday night by "Faust" and "Verdugo," closing Wednesday night with "The Spectre." This forms a brilliant and dazzling array of the most charming and meritorious operas ever put upon our boards, and the universally acknowledged talent of each member of the company gives a double assurance that they will be presented in a manner to interest and entertain every one.

Reserved seats are now on sale at W. & W. E. Williams, book store for \$1.00, and those wishing desirable seats should make early application.

SERIOUS QUARREL.

Two Colored Brethren "Fall Out" by the Wayside.

We have information from a subscriber who lives in this vicinity, of an altercation between two negro men, whose names we did not learn, near Indian Cave, Grainger county, which resulted in one of them getting badly hurt; in fact he is not expected to live. The difficulty, as we are informed, took place last Sunday morning, the parties being on their way to church. They were both members of the Baptist church and on their way to attend the communion services. The quarrel grew out of some money matters connected with the church. Angry words were passed—each called the other a "liar"—and the affair terminated in the breaking of a skull with a rock, which it is thought will prove fatal.

Incendiary Fires at Bristol.

As we learn from the News an apparent attempt was made Monday night to burn the town of Bristol up, by a series of incendiary fires. The most destructive fire originated in V. Keebler's stable and caused the total destruction of the large tobacco warehouse of J. H. Winston & Son. The warehouse contained but little tobacco, and all the contents were saved. Mr. Winston's loss is about \$200 with \$1,000 insurance. Mr. Miller's stable and that of Chas. Harmeling were both burned, each losing about \$200. A fine milk cow was burned in Mr. Keebler's stable, and two valuable horses were barely saved. Other buildings were much endangered, but saved by extra exertions. About the same hour W. W. James' stable was fired but a little girl saw the match struck and gave the alarm. A. Fillingim's stable was fired a few hours earlier in the night, but also extinguished.

Fine Stock.

There was brought up on yesterday evening's train, by the express company, a fine specimen of a young Alderney bull, shipped to Messrs. Jas. T. & W. S. Shields, the well-known stock raisers of Grainger county. It came from Cynthiana, Ky., shipped by D. A. Givens.

Bilious, Remittent and Intermittent Fevers, which prevail in malarial districts through the Summer and Autumn, are invariably accompanied by derangements of the Stomach and Liver. There is always a weakness of the stomach, and torpor of the bowels. Dr. Tait's Liver Pills are peculiarly adapted to such case.

As this question is frequently asked, we will simply say that she is a lady who for upwards of thirty years has unflinchingly devoted her time and talents to the study of the human mind and the soul. She has been a physician and a nurse, and has been successful in her efforts to relieve suffering. She has been a benefactor to the poor and the sick, and has been a source of comfort and joy to many. She has been a mother and a friend, and has been a source of strength and courage to many.
